

HARRISONS GARDENWORLD

2024 DECIDUOUS CATALOGUE ORNAMENTALS AND FRUIT

Welcome to our Deciduous Ornamental Tree, Shrub and Fruit Tree Catalogue.

We are pleased to offer a sensational selection of high quality deciduous trees/shrubs and fruit trees. This year **Large Grade** trees are also available – please enquire at the garden centre for further information.

Deciduous plants provide interest in the garden throughout the year and are suitable for every garden - large or small. In the case of fruit trees there is also the added enjoyment of eating your own home-grown produce.

All of the trees and shrubs we supply are backed by our exclusive *Plant Performance GUARANTEE*.

Enclosed is our order form. Please note, it is advisable to order early as many varieties are in limited supply. All deciduous ornamental and fruit tree/shrub orders will be confirmed on a first in, first served basis.

If you are unable to find a particular plant in the catalogue, please do not hesitate to request it. Our plant finding service is very efficient!

Please feel free to seek our recommendations on the best choice of deciduous tree/shrub or fruit tree for your garden. We have an experienced team who are only too happy to help.

All orders placed are eligible for inclusion on your Harrison's Advantage Card.

Happy Gardening from your Team at Harrison's!

Plant Performance[™] **GUARANTEE**

If within 12 months any plant purchased from Harrison's fails to perform to your expectation
Please return it with proof of purchase.
We will happily replace it with any equivalent plant to the same value.

PLANTING HINTS

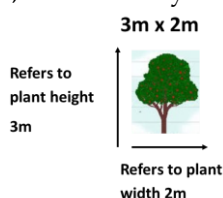

1. **SELECT YOUR SITE** - Suitable for the tree you have chosen.
2. **SITE PREPARATION** - Dig a hole large enough for the roots to be spread out without distortion and deep enough for the tree to be planted at the same depth as it has been in the Nursery. Add Ican Slow Food with the soil at the bottom of the hole and halfway when back filling the hole. This will provide up to 2 years continuous feeding. Prune back any damaged roots to sound wood.
3. **STAKING** - Insert a stake slightly off centre in the bottom of the hole and drive it in until secure. This will normally be 30-45cm (12-18in). Place the tree or the shrub in the centre of the hole, locating the stem 2.5cm (1in) from the stake, ensuring that the stake reaches only to the lowest branch. Ensure that the top of the stake does not interfere with the crown of the tree or shrub and adjust the height of the stake where necessary either by driving it deeper or by cutting off the top.
4. **PLANTING** - Spread the roots of the tree or shrub laterally and backfill with soil. Firm soil carefully to exclude air pockets, taking care not to damage the roots.
5. **PROTECTING THE TREE** - Where stems may be damaged by animals or machines, place a plastic tree guard around the stem or around the stem and stake. Secure the tree or shrub to the stake, using a tree-tie attached to the top of the stake no more than 2.5cm (1in) from the top. Additional ties may be necessary to stop the stem rubbing on the stake.
6. **PRUNING** - After having carried out steps 1 to 5 the most important phase of the tree's survival begins. Prune at least one third from the tree and always prune branches to an outside bud. The logic of pruning is simply that the roots have been cut, so a balance between branches and roots must be achieved to minimise stress on the plants.
7. **Never** plant your tree when ground conditions are not suitable, i.e. too wet - as this, along with the firming of the soil around the roots, forces the air from the soil and may cause root disease.

**Having carried out these seven steps - sit back and watch
your investment grow!**

OTHER TREE PLANTING ESSENTIALS

Ican Slow Food - 24 Month	500gm	14.99
Ican Slow Food - 24 Month	2kg	39.99

ORNAMENTALS

ACER - JAPANESE MAPLES

Maples have an appeal for their various features; finely cut foliage, incredible autumn colour. In general terms, most Maples prefer reasonably sheltered positions with good free draining soils with a high organic content. Dappled shade is ideal for many, and while maples are very frost hardy they detest hot, dry, windy situations.

	Grade	Price
<p>Acer p. Bloodgood Small rounded tree with deep red foliage throughout the summer. Autumn foliage is brilliant crimson. Requires some shelter. 4x3m.</p>	1.5m	89.99
<p>Acer rubrum Brandy Wine Emerald green leaves in summer and persistent autumn colour that begins bright red and turns brilliant purple-red. Mature tree develops into an oval rounded form. Makes a great street or lawn tree. 8x10m.</p>	1.8m	89.99
<p>Acer p. Fjellheim This unique maple was found as a witch's broom growing on 'Sango kaku', the Coral Bark Maple, this variety also exhibits bright red bark but is more compact. 1.2x1m.</p>	Topiary	79.99
<p>Acer diss. Green Mist A vigorous, cascading lace-leaf Japanese maple with soft green, deeply-cut leaves that provide a soft "misty" appearance. Fall colour is absolutely outstanding with blends of bright orange and red.</p>	Topiary	79.99
<p>Acer Griseum - Paperbark Maple The old bark on the trunk and main branches flakes back to reveal cinnamon-chocolate underbark. Green foliage turning red and scarlet. 7x5m.</p>	1m	79.99
<p>Acer Katsura Treasured small maple with striking pale-yellow spring growth. Leaves are green through summer turning orange, yellow and red in autumn. 2.5x2m.</p>	40/60 std	79.99
<p>Acer p. Koto Ito Komachi Koto Ito Komachi means "harp strings", for its string like lobes. The leaf lobes on this tree are indeed among the narrowest of any cultivar. Some leaves may revert to wider form, then return to the narrow form the following year. Leaves are bright light green in summer and turn yellow in autumn. Best planted in a semi shade area. 1.5x1.5m.</p>	2 yr branched	79.99
<p>Acer diss. Moss Gold Deeply dissected leaves of a wonderful, mossy-gold colour in spring, picking up greener tinges in summer. Followed by oranges and reds in autumn. Lovely red stems contrast boldly with gold foliage.</p>	H/W	89.99
<p>Acer p. Murasaki Kyochime The leaves of this variety of the "Japanese Maple" are much smaller than usual. It forms a densely branched, small shrub growing to approximately 1.5-2m. It has light green leaves in spring with red margins. The leaves become a darker green in summer. The autumn colour is a blend of yellow and orange.</p>	Topiary	79.99

	Grade	Price
<p>Acer p. dissectum Orangeola Stunning orange-red foliage in spring, bronze-red in summer and brilliant red-orange in autumn. Cascading branches form a dome shaped plant at maturity. 1x1m.</p>	1m	79.99
<p>Acer p. Osakazuki Attractive seven lobed bright green young foliage, rich green through summer and colouring in autumn to fiery orange or crimson scarlet. Considered the most brilliant Japanese maple for autumn colour. 4x3m.</p>	1.5m	89.99
<p>Acer Saccharinum <i>Acer saccharinum</i> features light-green leaves with lobes and silver undersides that create a beautiful visual effect when rustled by the wind. During the autumn season, its leaves turn yellow. 8x6m.</p>	1.5m	89.99
<p>Acer p. dissectum Seiryu Lace Leaf Maple. Upright growing with finely dissected green foliage clothing gracefully arching branches. Autumn colours are soft yellows to gold. 3x2.5m.</p>	1m	79.99
<p>Acer p. Senkaki Red stemmed Maple. Lovely green foliage turns butter-gold before leaf fall, revealing the brilliant red stems and twigs. Cold hardy. Needs wind shelter. 5x3m.</p>	1.5m	89.99
<p>Acer p. Sherwood Flame Beautiful rich reddish purple with colour. Retained well, until the end of summer. Fades to an attractive deep red shade in autumn. 10 year height 3m.</p>	2 yr branched	79.99
<p>Acer p. Shindeshojo In spring new leaves appear deep pinkish-crimson changing to reddish-green and then orange-red. A very striking small tree. 2.5x2m.</p>	1.2m	89.99
WEeping JAPANESE MAPLES		
<p>Acer p. dissectum Crimson Queen A small spreading weeping form with scarlet-red stems. Retains leaf colour throughout the summer, turning fiery scarlet in autumn. 1x1m.</p>	1m std	89.99
<p>Acer d. Tamukeyama Deep reddish purple foliage with a growth habit that is vigorous. 1.5x2m.</p>	1m std	89.99
<p>Acer p. dissectum Viridis New fresh, soft green spring foliage. Dissected leaves delicately lace-like turn lime-green in summer. Spectacular autumn tones of fiery gold and orange. Soft mounding habit. 1x1m.</p>	1m std	89.99
AESCULUS - HORSE CHESTNUT		
<p>Aesculus carnea 'Briotii' Good for a hot dry position, with rich green dainty ferny leaves, rounded fluffy brushes of pink stamens during the height of summer. 5 x 4m.</p>	.75m	89.99

	Grade	Price
ALBIZIA - SILK TREE		
Albizia julibrissin Red Silk Selected form of the Silk Tree bearing a profusion of carmine-red silky flowers. 5x4m.	120/150	69.99
Albizia julibrissin Rosea Good for a hot dry position, with rich green dainty ferny leaves, rounded fluffy brushes of pink stamens during the height of summer. 5x4m.	120/150	74.99
ALNUS-ALDERS		
Extremely fast growing trees. They will grow anywhere (except right on the coast) and are particularly good in wet boggy areas.		
Alnus cordata - Italian Alder A splendid medium to large conical tree, very hardy. Will stand a wide range of conditions. Bright green glistening foliage. 10x5m.	150/200	69.99
BETULA-BIRCHES		
A very well known and popular tree, most are noted for attractive bark and autumn colours. Male and female catkins are borne on the same tree. Most birches accept exposed situations and are very cold hardy. Moist but well drained soils are preferred while poorer soils are tolerated. Plant them as isolated specimens or in a small group.		
Betula Jacquemontii Dazzler A stunning specimen tree. This is a superior selection with amazing snow-white bark. Larger green leaves than its parent. Turns a brilliant gold in Autumn. Very effective in avenues or groups. Hardy. 3 x 8m.	120/150	79.99
Betula Utilis Jacquemontii This form of the 'Himalayan Birch' has been selected for its very white bark. An attractive medium sized tree from West Nepal. 8x5m.	1.8m	99.99
Betula pendula Easy to grow. Graceful birch, smooth grey-white bark and delicate, green lacy foliage. Looks great planted in a group. 7x6 in 10 years.	2m	79.99
Betula P. Japonica Similar to Silver Birch, but has bigger leaves and distinct white bark on the trunk. Lovely graceful specimen tree, slightly pendulous branches. Vibrant autumn colours. Very hardy.		79.99
Betula White Spire Like the famous Betula Utilis 'Silver Shadow' but with a more vigorous and upright fastigiated habit. Strikingly white trunk at an early age. 8x4m.	1.8m	99.99
CERCIS - REDBUDS AND JUDAS TREE		
Cercis canadensis Forest Pansy One of the most striking and sought after smaller trees. Leaves develop from deep wine red through deep purple in spring aging to deep bronzy green in summer. Takes on a spectacular blaze of reds in autumn. Pale, rose pink, pea shaped spring flowers. Very hardy and wind tolerant. 3x3m.	1m	89.99

	Grade	Price
CHIMONANTHUS - WINTERSWEET		
Chimonanthus praecox Waxy yellow flowers with centre purple markings. Delightfully scented. Hardy. 3x3m.	.75m	69.99
CORNUS - DOGWOOD		
Cornus alba elegantissima A very hardy red stemmed Dogwood. Broad green-grey leaves with white margins. Cream flowers in early summer. Creates a magnificent display when mass planted. Cold hardy, easy to grow. 2x1.5m.	1m	29.99
Cornus florida Cherokee Chief New spring growth deep bronzy red, turning deep green through summer followed by scarlet and wine red in autumn. 3x3m.	.5m	89.99
Cornus florida Cherokee Sunset Green leaves with a lemon yellow margin. Large rosy-red blooms, bronze pink foliage in spring with autumn tones of pink red and purple. 3m.	.5m	89.99
Cornus Eddies White Wonder For many gardeners, this is the pick of the Dogwoods. Large white showy flower bracts in spring and fantastic red and orange autumn colour. 4x3m.	1.5m	89.99
Cornus Greenvale Small, upright tree with large, green-tinged cream flowers which adorn the tree for many weeks in late spring/summer, followed by strawberry-like fruits which attract birds. Prefers good drainage and a warm sunny site. Evergreen, although semi-deciduous with red autumn colour in cooler climates. 2.4x4m.	1.5m	89.99
Cornus controversa Variegata - Wedding Cake Tree A very ornamental small tree with picturesque horizontal branches in tiers, with striking silver margined leaves. 6x4m.	.5m	99.99
FAGUS - EUROPEAN BEECH		
Fagus sylvatica Purpurea Copper Beech – Young coppery foliage, turning rich purples almost black in summer. Similar form to green Beech. Foliage prized for floral work. 10x6m.	1m	89.99
GLEDITSIA		
Gleditsia Ruby Lace A selected form of Honey Locust with purplish young growth and greenish purple foliage through summer. Stands dry and full sun. 6x5m	150/200	89.99
LIQUIDAMBAR - SWEET GUMS		
Handsome trees with maple like leaves. One of the finest trees for autumn colour with moderate growth rate, good form, picturesque branch pattern and corky bark. Intense autumn colour.		
Liquidambar styraciflua Gumball A special dwarf form that grows into a round ball. Vibrant autumn colours that last well into winter. 2x2m.	.75m	74.99
Liquidambar styraciflua Lane Roberts A selected clone from England and most reliable for its rich black crimson-red colour in autumn. Smooth fine bark. Upright conical form. 8x5m.	1.5m	74.99

	Grade	Price
<p>Liquidambar Summer Storm A special NZ selection of the tree commonly known as 'The American Sweet Gum'. The green lobed foliage turns to tones of deep purple in late summer and as autumn approaches red and gold tones appear. Special. Plant for unhindered development in a sunny spot. 4x3m.</p>	150	74.99
<p>Liquidambar Worplesdon Upright pyramidal form with outer branches gracefully drooping. Finely cut leaves give a brilliant display of yellow, orange and scarlet. 8x5m.</p>	1.5m	89.99
<p>MAGNOLIA They are the most magnificent of flowering trees. Flowers are showy, solitary, and some are fragrant cup, goblet or star shaped. They appear before the leaves in most deciduous magnolia's, requiring a sheltered spot. Magnolia's require fertile, humus rich, well drained soils that are moisture retentive.</p>		
<p>Magnolia Black Tulip A smaller growing compact tree with magnificent, goblet-shaped blooms in a stunning red-black. Note that the flowers may not be true to form and customers should be advised that it can take a year or two to settle in. A wonderful tree for an garden situation. 3.5x2.5m.</p>	120/150	89.99
<p>Magnolia Cleopatra Classic hybrid from England with rich pink cup and saucer blooms. Seems to be a clone of Charles Rafill. Takes some years to reach blooming age. Rounded tree to 6m.</p>	90/120	89.99
<p>Magnolia Denudata - The Lily Tree This rounded tree is covered with fragrant pure white cup-shaped flowers in early spring. 5x4m.</p>	1m	89.99
<p>Magnolia Emperor Magnolia Emperor is another beauty, bred by Revered NZ Breeder Vance Hooper, and a true monarch of the magnolia world. Dark pink flowers that grow to an impressive 30cm diameter in spring to a second round flowering in summer. Moist free draining soil in full sun/1/2 day sun. 5x3.5m.</p>	1m	89.99
<p>Magnolia Heaven Scent Upright grower with upright pastel lavender-pink blooms, toned more softly towards the tips with white interiors. Unique colour, strongly fragrant. 4x2.5m.</p>	1m	89.99
<p>Magnolia Iolanthe From early spring very large bowl shaped rose-pink blooms appear with a creamy white interior. A magnificent variety. 4x5m.</p>	1m	89.99
<p>Magnolia Koban Dori Beautiful yellow blooms, flowers appear with foliage smaller growing than other yellow varieties. 4x2.5m.</p>	.75m	89.99
<p>Magnolia Liliflora Nigra Slender pansy-black curved buds opening to dark maroon-purple, lighter purplish-pink interiors. Flowers through spring and summer. 2x1.5m.</p>	.75m	89.99
<p>Magnolia Old Port Blooms are a very dark wine-purple with the inner surfaces off white. Cup shaped 12cm blooms have a light fruity fragrance. Multi-branched. 3-4m.</p>	1m	89.99

	Grade	Price
<p>Magnolia Red As A smaller growing specimen that flowers heavily at a young age. Glorious goblet-shaped darkish purpley-red flowers. 2-3m.</p>	.75m	89.99
<p>Magnolia Sentry A hardy, small, deciduous tree. Pink purple flowers are tulip shaped and scented. Very narrow columnar growth, so ideal for small gardens or an area where you want height in the garden but not a spreading habit. Prefers moist, fertile soil which is free draining and position in the garden which gets sun for at least half the day.</p>	1m	74.99
<p>Magnolia Stellata Rosea Pink buds and pink flushed fragrant flowers which gradually fade to pearly white. Early flowering. Vigorous. 3x2.5m.</p>	.5m	89.99
<p>Magnolia Stellata 'Royal Star' Produces masses of large, icy white starry flowers. Stronger growing than M. stellata. 2.5x2.5m.</p>	.5m	89.99
<p>Magnolia Summer Magic Summer Magic has been bred by Vance Hooper in Taranaki and is described as the having elegant narrow healthy foliage and is almost willow like when it's not in flower. These trees have been admired for their foliage alone when not in flower. Magnolia Summer Magic is the best Summer flowering Magnolia that we've seen and can be expected to grow quite slender and tall. 4x1.8m.</p>	1m	89.99
<p>Magnolia Vulcan The best of the best! Arguable the most stunning Magnolia bred to date. Opulent, deep magenta blooms up to 25cm across. A good sized compact tree, suitable for smaller gardens. May take two or three years for the flowers to develop true size and colour. 4x3m.</p>	120/150	89.99
<p>MALUS - ORNAMENTAL CRAB APPLES</p>		
<p>Malus Arrow Gold Breed in Queenstown. Large, clear light yellow fruit on horizontal branches create a spectacular display from autumn into winter. Hardy. 3m.</p>	1.5m	89.99
<p>Malus Ballerina An outstanding flowering Apple. In September bunches of red buds open to large frilly double pink blossoms. Prune after flowering. Very free flowering. 4x2m.</p>	1m	69.99
<p>Malus coronaria Charlottae Large leaves which colour richly in the autumn. Flowers large, semi-double shell pink. Green fruits. 6m.</p>	80/100	69.99
<p>Malus Ellerslie - Standard A true weeper on a 1.5m standard. Dark red buds open to soft crimson flowers with bronze red foliage. The full spreading weeping habit bears an abundance of small reddish fruits from late summer until well into winter.</p>	1.5m std	89.99
<p>Malus Floribunda - Japanese Apple Blossom - Standard A myriad of crimson buds open into white or pale pink flowers on long arching branches on a 1.5m standard. Red and yellow small fruits. A remarkably beautiful tree. Possibly the earliest Malus to bloom.</p>	1.5m std	89.99

	Grade	Price
<p>Malus Ioensis Plena - Betchels Crab Beautiful large double flowers in its third year. Pink buds open to palest pink blossoms. Very fine autumn tones of orange and red. 3x2m.</p>	1m	79.99
<p>Malus Jack Humm Large brilliant red crab apples flushed yellow and orange give a magnificent display right through winter. Great for making jelly. 4x3m.</p>	1m	69.99
<p>Malus Snowbright Snow white dainty flowers opening from pink streaked buds in spring to bright orange red berries in the autumn. Semi weeping bush. High disease resistance. 2m.</p>	1.5m	79.99
<p>Malus Wright's Scarlet A spectacular fruiting crabapple with large, crimson-red fruit in autumn. White blossoms in spring. Forms a spreading canopy of branches. Yellow autumn leaves. 4x3m.</p>	1.2m	79.99
<p>NYSSA - TUPELO Nyssa sylvatica Spectacular autumn foliage, vivid shade of scarlet-orange. Hardy and withstands wet soil. 6x4m.</p>	1.2m	74.99
<p>PAULOWNIA Paulownia Tomentosa - Japanese Imperial Tree Large lilac trumpets in upright heads, mid-spring. 12x12m.</p>	2m	74.99
<p>POPULUS - POPLAR Kawa Vibrant yellow foliage in autumn. Resistant to both possum damage and rust. Height after 5 years is 7m. Maturity 30m.</p>	2m	39.99
<p>PRUNUS - FLOWERING CHERRIES Prunus yedoensis Awanui Masses of pale shell pink large single blossoms in mid spring. The horizontal branches make an excellent shade tree. 6x6m.</p>	1.5m std 1.8m std	89.99 99.99
<p>Prunus campanulata Felix Jury A special selection producing large very deep claret red blossom in early spring. Very popular with Tui's and Waxeyes. Upright habit. 5x3m.</p>	1.8m std	89.99
<p>Prunus Jim's Delight Hardy. Flowers early spring, warm pink blossoms on medium length pedicles clothe the branches in the first year. Heavier flowering on 2yr wood. Dark green foliage. Compact small deciduous tree. 3 x 2m, in 10 yrs.</p>	1-1.2m	74.99
<p>Prunus campanulata Superba The brightest coloured and earliest blooming of all cherries, with its masses of claret red bells smothering the branches in August. Very popular with Tui and Wax eyes. 5x3m.</p>	2m	79.99
<p>Prunus serrulata 'Kanzan' Strong growing with stiffly ascending branches when young, later spreading. Rich double pink blossom, reddish brown leaves. 10m.</p>	1.6 std	79.99

	Grade	Price
Prunus serrulata Shimidsu Sakura	1.5m std	89.99
Large semi double flowers, pink in bud, opening palest pink, fading to pure snow white. 4x5m.	1.8m std	99.99
Prunus serrulata Shirotae - Mt Fuji	1.5m std	89.99
A very beautiful Cherry. Large single semi-double snow white flowers bursting from the soft young green foliage in long drooping clusters. A vigorous tree with wide spreading branches. 4x5m.	1.8m std	99.99
FLOWERING WEEPING CHERRIES		
Prunus subhirtella Falling Snow	1.5m std	89.99
A pale pink form suitable for warmer areas. Slender arching gracefully pendant branches clothed in pearly-white blossom mid-spring. 2.5x2m.	1.8m std	99.99
Prunus subhirtella Pendula Rosea	1m std	89.99
The weeping Rosebud Cherry of Japan. Slender arching and gracefully pendant branches. Dainty single pink blossom. 2.5x2m.	1.8m std	99.99
Prunus Kiku-Shidare Sakura		
Beautiful spring display of bright rose-pink fully double frilled flowers in dense clusters on steeply pendulous branches which weep gracefully to the ground. 2.5x2m.	1.8m std	99.99
PYRUS - ORNAMENTAL PEAR		
Pyrus betulifolia Autumn Leaves	1.5m std	99.99
Graceful, slender smaller tree with weeping branches. Attractive shimmering leaves with excellent autumn colourings. Ideal specimen tree and also for lining driveways. 4x3m		
Pyrus Bradford	1.5m	99.99
A selected, non thorny form. It forms a vigorous, medium sized, dense headed tree flowering profusely in late spring. Attractive autumn foliage in shades of orange through to scarlet red. Highly praised as an ornamental and commonly planted as a street tree. 6x4m.		
Pyrus Kea	1.5m	99.99
A smaller-growing, multi-branched tree with a dense, bushy growth habit. Glossy, green leaves turn to a blend of burgundy and green over summer. This colouring intensifies to red through autumn. Tolerates both dry and heavier wet soils. White spring flowers. 5x4m.		
Pyrus salicifolia Pendula - Weeping Silver Pear	1.5m std	99.99
A graceful, slender weeping tree with elegant silvery grey willow-like leaves and clusters of creamy white blooms. 2x2m.	1.7m std	99.99
Pyrus Slim Jim	1.5m	79.99
A medium size slender growing tree ideal for the smaller garden, avenue and street planting. A profusion of white blooms are produced on leafless branches in spring, followed by glossy green leaves all summer, turning to a blaze of reds and yellows in autumn. 7m		
QUERCUS - OAKS		
Quercus coccinea - Scarlet Oak	2m	89.99
Large spreading tree with handsome green leaves turning bright scarlet in autumn. Very hardy, withstands droughts once established. 10x10m		

	Grade	Price
<p>Quercus palustris - Pin Oak Handsome glossy dark green leaves turning scarlet, yellow and bronze in autumn. Requires moist acid soils, withstands wet conditions. 10x8m.</p>	2m	89.99
ROBINIA		
<p>Robinia Lace Lady Interesting compact selection with "corkscrew" stems, with rich green leaves hanging in ringlets. Especially suited to containers. 3m.</p>	1m std	69.99
<p>Robinia Mop Top Produces a ball of fresh thornless, green lustrous foliage 2-3m in diameter. A natural topiaried tree, maintaining a round headed shape. Hardy to both extreme heat and cold. 3x3m.</p>	1.2m 1.5m 1.8m	79.99 89.99 99.99
SALIX WILLOWS		
<p>Salix Vitellina Aurea Golden Weeping Willow. A magnificent tree when given room to develop. Graceful weeping tree with beautiful yellow foliage in autumn. Excellent shade tree.</p>	2m	69.99
<p>Salix Vitellina Aurea Twisti (Golden Twisti Willow). A magnificent tree when given room to develop. Twisted branches with beautiful yellow foliage. Grows 4m. Full sun with rich moist well drained soil.</p>	2m	69.99
<p>Salix caprea Kilmarnock - 1.7m Standard Forms a small umbrella like tree with slender, stiffly pendulous branches. From winter to early spring each branch is studded with large tan buds opening white. Cut stems are excellent for floral work. 2x2m.</p>	1.7m std	115.00
SYMPHORICARPOS		
<p>Mother of Pearl A small, dense shrub, the branches weighed down by heavy crops of white, rose flushed marble like berries. Hardy, will tolerate most soil types. Prune hard after berries in winter. 1.5 x 1.5m.</p>	.3m	59.99
TAXODIUM - SWAMP CYPRESS		
<p>Taxodium McLaren Falls Beautiful weeping Swamp Cypress. A chance variation discovered at McLaren Falls Park in the Kaimai Ranges. Very tolerant of wet conditions. Pendulous side branches. 3x1m.</p>	1m	89.99
ULMUS - ELMS		
<p>Ulmus Frontier Bred from Ulmus carpinifolia & Ulmus parvifolia. A small size tree which shows disease and insect resistance. Beautiful red-purple autumn leaf colour. Desirable street, park, landscape or highway tree. 12x8m.</p>	2m	89.99
<p>Ulmus Louis Van Houtte Golden Elm. Handsome stately tree with golden corrugated/serrated foliage. Magnificent shade, specimen or avenue tree. Hardy in most soils and situations. 6x6m.</p>	2m	79.99

	Grade	Price
Ulmus glabra lutescens - Golden Elm	1.5m std	99.99
A very lovely specimen and shade tree with golden yellow foliage right through spring and autumn. It is fairly wind tolerant and will stand heavy pruning in winter. 6x6m.	1.7m std	99.99
Ulmus glabra Pendula - Weeping Elm	2m std	125.00
A very popular lawn specimen as it quickly forms a beautiful natural umbrella. Chartreuse green winged seeds. 3x3m.		
VIBURNUM		
Viburnum plicatum Mariesii	.25m	59.99
A superb shrub with a tabulate arrangement of branching. Its abundance of flower gives the effect of a snow-laden bush. The ray florets are also relatively large and the leaves colour well in autumn. 2x2m.		
Viburnum plicatum Pink Beauty	.25m	59.99
A strong growing upright shrub with a semi-horizontal branching habit and flat flower heads of large white sterile flowers in spring. Some petals change to a pale pink as it matures. 2x2m.		
WISTERIA		
Superbly beautiful, long lived, twining, woody vines with pendulous of flowers. There are perhaps no more beautiful climbers when draped with their multitude of long racemes of pea flowers in white, pink or mauve. Plant in full sun.		
Wisteria Amethyst	1m	69.99
A selection of the Chinese Wisteria that flowers early before the leaves only 2-3 years after planting. Medium length racemes, dark mauve, with a beautiful strong fragrance.		
Wisteria Black Dragon	1m	69.99
Very striking and an unusual variety with double rosette shaped violet-purple flowers on a long raceme.		
Wisteria Ed's Blue Dragon	1m	69.99
A sport of Black Dragon, this variety has intense dark-blue buds opening to cornflower blue blossom on long racemes.		
Wisteria Blue Sapphire	1m	69.99
Strong growing climber with an abundance of mauve or deep lilac flowers in racemes 20-30cm long before the leaves. Can be trained effectively as a standard.		
Wisteria Lavender Lace	1m	69.99
A magnificent form with racemes 30cm to 1m long. Flowers are fragrant, pale lilac tinged purple. Best grown where the long racemes are allowed to hang.		
Wisteria Lipstick	1m	69.99
A most vigorous and beautiful climber. Known as 'Kuchiben' in Japan. This plant flowers in early spring as the pale green leaves emerge. Leaves turn a dark green then a lovely clear yellow in Autumn. The flower racemes are 40 cm long, densely packed with mauve-pink flowers fading to white. Flowers have a sweet scent. Very hardy. Prune after flowering and in the winter if necessary. Good for pergolas or walls. 10m		

	Grade	Price
