## 2018 DECIDUOUS CATALOGUE ORNAMENTALS AND FRUIT

**Welcome to our Deciduous Ornamental Tree, Shrub and Fruit Tree Catalogue for 2018.**

We are pleased to offer a sensational selection of high quality deciduous trees/shrubs and fruit trees. We also have a range of **Advanced Grade** trees available – please enquire at the garden centre for further information on these.

Deciduous plants provide interest in the garden throughout the year and are suitable for every garden - large or small. In the case of fruit trees there is also the added enjoyment of eating your own home-grown produce.

**All of the trees and shrubs we supply are backed by our exclusive *Plant Performance GUARANTEE*.**

At the rear of the catalogue is our order form. Please note, it is advisable to order early as many varieties are in limited supply. All deciduous ornamental and fruit tree/shrub orders will be confirmed on a first in, first served basis.

If you are unable to find a particular plant in the catalogue, please do not hesitate to request it. Our plant finding service is very efficient!

Please feel free to seek our recommendations on the best choice of deciduous tree/shrub or fruit tree for your garden. We have an experienced team who are only too happy to help.

All orders placed are eligible for inclusion on your Harrisons Advantage Card.

**Happy Gardening from your Team at Harrisons!**

### *Plant Performance*<sup>™</sup> **GUARANTEE**

If within 12 months any plant purchased from Harrisons fails to perform to your expectation  
Please return it with proof of purchase.  
We will happily replace it with any equivalent plant to the same value.

## PLANTING HINTS

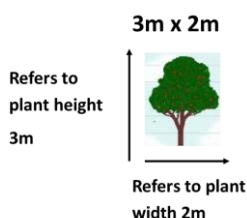

1. **SELECT YOUR SITE** - Suitable for the tree you have chosen.
2. **SITE PREPARATION** - Dig a hole large enough for the roots to be spread out without distortion and deep enough for the tree to be planted at the same depth as it has been in the Nursery. Add Agriform Tablets or ican Slow Food with the soil at the bottom of the hole and again halfway up when back filling the hole. This will provide up to 2 years continuous feeding. Prune back any damaged roots to sound wood.
3. **STAKING** - Insert a stake slightly off centre in the bottom of the hole and drive it in until secure. This will normally be 30-45cm (12-18in). Place the tree or the shrub in the centre of the hole, locating the stem 2.5cm (1in) from the stake, ensuring that the stake reaches only to the lowest branch. Ensure that the top of the stake does not interfere with the crown of the tree or shrub and adjust the height of the stake where necessary either by driving it deeper or by cutting off the top.
4. **PLANTING** - Spread the roots of the tree or shrub laterally and backfill with soil. Firm soil carefully to exclude air pockets, taking care not to damage the roots.
5. **PROTECTING THE TREE** - Where stems may be damaged by animals or machines, place a plastic tree guard around the stem or around the stem and stake. Secure the tree or shrub to the stake, using a tree-tie attached to the top of the stake no more than 2.5cm (1in) from the top. Additional ties may be necessary to stop the stem rubbing on the stake.
6. **PRUNING** - After having carried out steps 1 to 5 the most important phase of the tree's survival begins. Prune at least one third from the tree and always prune branches to an outside bud. The logic of pruning is simply that the roots have been cut, so a balance between branches and roots must be achieved to minimise stress on the plants.
7. **Never** plant your tree when ground conditions are not suitable, i.e. too wet - as this, along with the firming of the soil around the roots, forces the air from the soil and may cause root disease.

**Having carried out these seven steps - sit back and watch  
your investment grow!**

## OTHER TREE PLANTING ESSENTIALS

<b>Agriform Planting Tablets 10gm</b> Slow Release 2 Year Fertiliser	20 tabs	4.99
<b>Norlake Sheep Pellets</b>	8kg 25kg	17.99 or 2 for \$25 34.99
<b>Tui Organic Compost</b>	10.99 or 2 bags for \$20.00	

**Stakes** (Various Sizes and Types, indicate on your order if required)

## ORNAMENTALS

### ACER - JAPANESE MAPLES

Maples have an appeal for their various features; finely cut foliage, incredible autumn colour. In general terms, most Maples prefer reasonably sheltered positions with good free draining soils with a high organic content. Dappled shade is ideal for many, and while maples are very frost hardy they detest hot, dry, windy situations.

	<b>Grade</b>	<b>Price</b>
<p><b>Acer rubrum Autumn Glory</b> The large five lobed leaves are dark green throughout the summer. In autumn the leaves turn to a dark purplish-red and develop the superb features for which this cultivar is renowned. 8x6m.</p>	1.5m	49.99
<p><b>Acer p. Bloodgood</b> Small rounded tree with deep red foliage throughout the summer. Autumn foliage is brilliant crimson. Requires some shelter. 4x3m.</p>	1.5m	49.99
<p><b>Acer Burgundy Lace 2yr</b> Red leaf Maple. Upright rounded habit. Deeply divided &amp; fringed red spring foliage turning bronze then scarlet in autumn. Small tree with wide canopy. 3m.</p>	120/150	49.99
<p><b>Acer p. Fjellheim</b> This unique maple was found as a witch's broom growing on 'Sango kaku', the Coral Bark Maple. Like its parent, this variety also exhibits bright red bark but is more compact. 1.2x1m.</p>		49.99
<p><b>Acer p. Katsura</b> Treasured small maple with striking pale-yellow spring growth. Leaves are green through summer turning orange, yellow and red in autumn. 2.5x2m</p>	1m	49.99
<p><b>Acer p. Osakazuki</b> Attractive seven lobed bright green young foliage, rich green through summer and colouring in autumn to fiery orange or crimson scarlet. Considered the most brilliant Japanese maple for autumn colour. 4 x 3 m.</p>		49.99
<p><b>Acer p. Red Emperor</b> An upright growing small tree with very deep red to black-red leaves. Holds the deep colour right through the summer. Scarlet autumn colour. 4m.</p>		49.99
<p><b>Acer p. Red Pygmy</b> Very delicate lace-like leaves, bright red-maroon in spring and summer, colouring deeper in autumn. A delightful contrast in shape and tone when combined with other forms. An excellent cultivar. 2x2m.</p>	120/160	49.99
<p><b>Acer rubrum Red Sunset</b> Forms a broad, columnar head of compact branches with larger than normal green leaves. Spectacular autumn colour of orange and crimson start from a young age on this tree. 10m</p>	2m	49.99
<p><b>Acer p. Shaina</b> Distinctive bright red new foliage maturing to deep maroon in summer. Upright compact plant, becoming denser with maturity. 3 x 2 m.</p>	1m	49.99

	<b>Grade</b>	<b>Price</b>
<b>Acer p. Shindeshojo</b> In spring new leaves appear deep pinkish-crimson changing to reddish-green and then orange-red. A very striking small tree. 2.5 x 2m.	1.2m	49.99
<b>Acer p. Suminagashi</b> Strong growing upright tree with reddish purple new growth, turning purple in summer and scarlet in autumn. Leaves boldly serrated with long pointed lobes. 4m.		49.99
<b>Acer p. Trompenburg</b> Finger shaped leaves roll down distinctively. Rich purple-red leaves in summer that are a purplish green until autumn when they go to a bright crimson. 4 x 3m.		49.99
<b>WEEPING JAPANESE MAPLES</b>		
<b>Acer p. dissectum Crimson Queen</b> A small spreading weeping form with scarlet-red stems. Retains leaf colour throughout the summer, turning fiery scarlet in autumn. 1x1m	.5m std 1m std	49.99 49.99
<b>Acer Esk Flamingo</b> A very spectacular Maple. Its prime show is in summer and autumn when the leaves are mottled with spectacular pinks and creams. Graceful weeping habit. 3m.	1.5m	49.99
<b>Acer d. Tamukeyama</b> Deep reddish purple foliage with a growth habit that is vigorous. 1.5x2m.	1m std	49.99
<b>Acer p. dissectum Viridis</b> New fresh, soft green spring foliage. Dissected leaves delicately lace-like turn lime-green in summer. Spectacular autumn tones of fiery gold and orange. Soft mounding habit. 1x1m	.5m std 1m std	49.99 49.99
<b>AESCULUS</b>		
<b>Carnea briotti</b> Red Horse Chestnut. A compact form with bold handsome leaves and rosy crimson flowers in upright 22cm clusters. Perfect lawn specimen. 6x5m.	1m	59.99
<b>ALBIZIA - SILK TREE</b>		
<b>Albizia julibrissin Rosea</b> Good for a hot dry position, with rich green dainty ferny leaves, rounded fluffy brushes of pink stamens during the height of summer. 5x4m.	1.5m	49.99
<b>Albizia julibrissin Red Silk</b> Selected form of the Silk Tree bearing a profusion of carmine-red silky flowers. 5x4m	1.5m	49.99
<b>ALNUS-ALDERS</b>		
Extremely fast growing trees. They will grow anywhere (except right on the coast) and are particularly good in wet boggy areas.		
<b>Alnus cordata - Italian Alder</b> A splendid medium to large conical tree, very hardy. Will stand a wide range of conditions. Bright green glistening foliage. 10 x 5m.	150/200 1.5m	39.99 49.99

	<b>Grade</b>	<b>Price</b>
<b>AMELANCHIER</b> <b>Canadensis</b> Shad Bush – the abundant racemes of white flowers are produced in spring before the leaves are developed. Oblong leaves are woolly when young and richly coloured orange-red in autumn. Hardy. 4x3m.	1m	59.99
<b>BETULA-BIRCHES</b>		
A very well known and popular tree and most are noted for attractive bark and autumn colours. Male and female catkins are borne on the same tree. Most birches accept exposed situations and are very cold hardy. Moist but well drained soils are preferred while poorer soils are tolerated. Plant them as isolated specimens or in a small group.		
<b>Betula pendula Alba</b> Easy to grow. Graceful birch, smooth grey-white bark and delicate, green lacy foliage. Looks great planted in a group. 7x6 in 10 years.		49.99
<b>Betula Utilis Jacquemontii</b> This form of the ‘Himalayan Birch’ has been selected for its very white bark. An attractive medium sized tree from West Nepal. 8x5m.	1.5m	59.99
<b>Betula utilis ‘Jermyns’</b> A highly ornamental hybrid with shining white bark that peels to reveal a salmony orange backing. 8 x 5m	2m	69.99
<b>Betula Pendula - Silver Birch</b> A tree adaptable to a wide range of conditions. Popular for its semi-pendulous habit. Juvenile bark is golden brown, but as the tree matures, the main trunk and limbs become vivid white with black clefts. 12x6m.	2m	69.99
<b>Betula nigra Summer Cascade</b> A new weeping form of river birch with graceful arching branches. Ideal as specimen tree or focal point. 1.8 x 1m	1.5m	59.99
<b>Betula Silver Shadow</b> One of the loveliest birches with dazzling white stems. A very distinct form of ‘Jacquemontii’ making a small to medium sized tree with striking white bark and large drooping dark green leaves. 8x4m.	2m	59.99
<b>Betula White Spire</b> Like the famous Betula utilis ‘Silver Shadow’ but with a more vigorous and upright fastigiated habit. Strikingly white trunk at an early age. 8x4m.	2m	59.99
<b>CARPINUS</b>		
Carpinus are very hardy, preferring a well-drained moist site with full sun, but are suitable for slightly shaded areas. Resistant to drought and frosts. May be pruned heavily for hedging or screening if desired. Tolerant to a wide range of soils. An attractive tree which is often overlooked and is worthy of wider planting.		
<b>Carpinus Betulus - Common Hornbeam</b> Recommended for single specimens and for hedging, resembling beech for hedging. Green leaves in summer turning bright yellow in autumn. Medium to large tree easily grown. 19m.	2m	59.99

	Grade	Price
<b>CEDRELLA -TOON TREE</b> <b>Cedrella sinensis Flamingo - Chinese Toon Tree</b> Straight upright branches carry the large ash-like leaves up to 60cm long, divided into 10 or more leaflets. Young growth beautiful shade of pink. Warm spot. Some shelter required. 5x2m.		44.99
<b>CERCIS - REDBUDS AND JUDAS TREE</b> <b>Cercis canadensis Forest Pansy</b> One of the most striking and sought after smaller trees. Leaves develop from deep wine red through deep purple in spring aging to deep bronzy green in summer. Takes on a spectacular blaze of reds in autumn. Pale, rose pink, pea shaped spring flowers. Very hardy and wind tolerant. 3x3m.	120/150 1.5m	49.99 49.99
<b>Cercis Heart's Of Gold</b> Golden Redbud. Reddish purple leaves early spring changing to stunning bright yellow further in the season. Semi-glossy heart shaped foliage. 5-6m (PVR)	120/150	49.99
<b>Cercis Merlot</b> A deciduous tree that grows nearly as wide with attractive heart-shaped glossy leaves arranged in an alternate pattern along the branches. Plant in full sun to light shade. 3.5x4.5m.		74.99
<b>CHAENOMELES - JAPONICA</b> <b>Chaenomeles Alarm</b> Large deep red flowers during winter and early spring. 3m.	.3m	29.99
<b>Chaenomeles Early Orange</b> Buds and orange blossom cover the plant both before and after the foliage emerges in late winter and early spring. Fragrant yellow small fruits ripen in the winter and may be cooked in preserves and jellies. A low spreading form makes it ideal for hedges or ground covers. 1m.	.3m	29.99
<b>Chaenomeles Green Ice</b> Chartreuse buds open to semi-double white flowers tinged green. Low spreading habit. Flowers late winter to early spring when the bare branches break forth in a riot of colour. 1x1m	.3m	29.99
<b>Chaenomeles Mrs Murphy</b> Dark red flowers in late winter. Very hardy. Prune after flowering. 2x2m.	.3m	29.99
<b>Chaenomeles Yokuku</b> Purest white blossom with tinges of green in the throat. The saucer shaped flowers are followed by large yellow quinces – suitable for jellies. 1x1m	.3m	29.99
<b>CHIMONANTHUS - WINTERSWEET</b> <b>Chimonanthus praecox</b> Waxy yellow flowers with centre purple markings. Delightfully scented. Hardy. 3x3m.	.75m	44.99
<b>CORNUS - DOGWOOD</b> <b>Cornus alba elegantissima</b> A very hardy red stemmed Dogwood. Broad green-grey leaves with white margins. Cream flowers in early summer. Creates a magnificent display when mass planted. Cold hardy, easy to grow. 2x1.5m	.3m	39.99

	<b>Grade</b>	<b>Price</b>
<p><b>Cornus Eddies White Wonder</b> For many gardeners, this is the pick of the Dogwoods. Large white showy flower bracts in spring and fantastic red and orange autumn colour. 4 x 3m.</p>	1.5m	49.99
<p><b>Cornus controversa Golden Wedding</b> A sport from a nursery seedling. Margins of golden foliage &amp; cream areas around green. It has been known for not sun burning in NZ conditions. Spring growth has bronze tint, autumn pink tones. White blooms. 6x4m.</p>	40/60	59.99
<p><b>Cornus kousa Moonbeam</b> A very showy small rounded tree with large white flowers up to 15cm across set above green foliage. Red fruit look lovely against the autumn foliage of crimson to purplish-red. 5m.</p>	50/70	49.99
<p><b>Cornus controversa Variegata - Wedding Cake Tree</b> A very ornamental small tree with picturesque horizontal branches in tiers, with striking silver margined leaves. 6x4m.</p>	.5m	69.99
<p><b>COTINUS - SMOKE BUSH</b> <b>Cotinus Goggyria</b> Smoke Bush - Large misty flower heads appear in late spring in a fawn colour then turn smoky purple by autumn. A hardy rounded bush, which ends with a magnificent display of autumn foliage. 3x3m.</p>	.3m	39.99
<p><b>Cotinus Red Spirit</b> Brilliant red-green foliage throughout the summer, topped with plumes of smoke like flowers. Beautiful autumn foliage of orange and reds. Best grown in part shade. Keep moist. 3x2m.</p>	.3m	39.99
<p><b>CORYLUS</b> <b>Corylus avellana 'Contorta'</b> 'Harry Lauders Walking Stick.' Upright shrub with twisted, waved and curled corkscrew like stems. Ornamental, greenish-yellow catkins late winter to early spring. Locate where its curiosity value may be appreciated. Cut branches valuable for floral work. 3x2m</p>	.3m	49.99
<p><b>CRATAEGUS - HAWTHORN</b> <b>Paul's Scarlet</b> A Hawthorn literally smothered with small double scarlet blossoms in November. Cold climate tree hardy and adaptable in almost any situation. 5x3m.</p>	1.5m	59.99
<p><b>Roseo Plena</b> Double pink Hawthorn - Dark glossy green leaves. Produces masses of small pink double flowers in clusters along the branches in late spring. Hardy tree adapting to almost any well drained soil. Suitable for street planting, hedging or as a specimen. Frost hardy. 5x3m.</p>	2m	59.99
<p><b>DAVIDIA</b> <b>Involucrata</b> Dove or Ghost Tree - This beautiful medium sized tree is most conspicuous in early spring when draped with its large white bracts. Best in fertile soil with some shelter and wind protection. 8x4m.</p>	1m	59.99

	Grade	Price
<b>FAGUS - BEECH</b>		
The Beech family contains some of the most noble of trees. Slow growing but developing into a beautiful pyramidal or cone shape with sweeping lower branches. Will grow in almost all soil conditions in either full sun or part shade. Awesome specimen tree and also used for hedging.		
<b>Fagus sylvatica</b> The English Beech – The beautiful Beech tree’s bold fan shaped branches gives the tree a truly noble form A valuable shade and specimen tree which needs plenty of room. Good for floral art. 10x6m.	1m	49.99
<b>FORSYTHIA</b>		
<b>Karl Sax</b> A strong growing very free flowering hybrid with large deep canary yellow blossom. One of the earliest winter bloomers. 2m.	.3m	39.99
<b>GINGKO - MAIDENHAIR TREE</b>		
<b>Ginkgo biloba Autumn Gold</b> A large handsome male form with a symmetrical upright habit. Golden autumn foliage. Plant in loose, well-drained soil. 7x4m.	70/90 1m	44.99 59.99
<b>Ginkgo biloba fastigiata</b> A very neat upright male form. Good for confined places and small home gardens. Deep green distinctive maidenhair leaves with gorgeous autumn tones. Hardy. 6x2m	70/90	49.99
<b>Ginkgo biloba Jade Butterflies</b> Dwarf vase shaped Ginkgo with clumps of dark green leaves that look similar to a butterfly’s wings. Wonderful butter yellow foliage in autumn. 3m.	40/50	49.99
<b>GLEDITSIA</b>		
<b>Gleditsia Limelight</b> A wonderful specimen or shade tree with lime green to yellow coloured foliage. Bred in New Zealand. Easy to grow and cold hardy once well established. Thornless. 6m.	1.5m	59.99
<b>HAMAMELIS - Witch Hazel</b>		
<b>Hamamelis Arnold Promise</b> Small growing neat upright vase shaped habit with abundant soft yellow fragrant late winter flowers. 4x3m.	50/70	44.99
<b>HYDRANGEA</b>		
Easy care shrubs that give colour for months. Plant in a fairly moist position in full sun to shade. Prune back to double buds in winter. To maintain pink/red shades apply a side-dressing of dolomite lime. For blues apply aluminum sulphate.		
<b>Hydrangea Agnes Pavelli</b>	15/25	24.99
<b>Hydrangea Annabelle</b>	15/25	24.99
<b>Hydrangea Blaumeise</b>	15/25	24.99
<b>Hydrangea Blue Diamond</b>	15/25	24.99

	<b>Grade</b>	<b>Price</b>

<b>LIQUIDAMBAR - SWEET GUMS</b>		
Handsome trees with maple like leaves. One of the finest trees for autumn colour with moderate growth rate, good form, picturesque branch pattern and corky bark. Intense autumn colour.		
<b>Liquidambar styraciflua - American Fruit Gum</b>	1.5m	49.99
Forms a stately pyramidal tree with well spaced branches and rugged corky bark. Handsome shining dark green maple-like leaves changing in autumn to shades of red, orange, yellow and purple. 8x5m.		
<b>Liquidambar styraciflua Gumball</b>	90cm std	79.99
A special dwarf form that grows into a round ball. Vibrant autumn colours that last well into winter. 2x2m		
<b>Liquidambar styraciflua Lane Roberts</b>	1.5m	49.99
A selected clone from England and most reliable for its rich black crimson-red colour in autumn. Smooth fine bark. Upright conical form. 8x5m.		
<b>Liquidambar Worplesdon</b>	1.5m	49.99
Upright pyramidal form with outer branches gracefully drooping. Finely cut leaves give a brilliant display of yellow, orange and scarlet. 8x5m.		
<b>LIRIODENDRON</b>		
The 'Tulip Tree' – fast growing trees, succeeding in all types of fertile soil. Fragrant yellow flowers appear high on the tree in late spring, sometimes hidden by leaves to be conspicuous.		
<b>Liriodendron Arnold</b>	1.5m	69.99
Narrow upright columnar form, useful in confined spaces. Large handsome saddle shaped leaves bright green turning yellow, orange in autumn. May commence blooming as early as 3 years. 8x5m		
<b>Liriodendron Aureomarginatum</b>	1.5m	69.99
Unique saddle-shaped leaves, variegated with various shades of green, broadly margined yellow. Fragrant orange and green flowers in late spring. 5x3m.		
<b>MAGNOLIA</b>		
They are the most magnificent of flowering trees. Flowers are showy, solitary, and some are fragrant cup, goblet or star shaped. They appear before the leaves in most deciduous magnolia's, requiring a sheltered spot. Magnolia's require fertile, humus rich, well drained soils that are moisture retentive.		
<b>Magnolia Apollo</b>	1m	49.99
Forms a neat small tree with an open spreading habit. Deep rose-pink buds which open to large bowl-shaped rosy-red flowers with a rich fruity fragrance. Mid to late season flowering. 6m.		
<b>Magnolia Black Tulip</b>	1.2m	69.99
A smaller growing compact tree with magnificent, goblet-shaped blooms in a stunning red-black. Note that the flowers may not be true to form and customers should be advised that it can take a year or two to settle in. A wonderful tree for an garden situation. 3.5x2.5m		
<b>Magnolia Burgundy Star</b>	1.2m	69.99
The most recent release of the Jury range. Distinctively different with flowers that are many petalled and claret red. Absolutely stunning! The tree itself is tall and narrow making it perfect for small garden planting. 1.5m.		

	<b>Grade</b>	<b>Price</b>
<p><b>Magnolia Butterflies</b> Beautiful yellow blooms appear before the foliage in spring. Cold hardy 4x3m.</p>	.5m	49.99
<p><b>Magnolia Cameo</b> Sister seedling to 'Cleopatra' elegant sculpted blooms of rounded form. Outer side of petals is reddish purple/inner surface white, blushed rose. Trials show 'Cameo' to be one of the heaviest flowering magnolias in the first season. Blooms, wind tolerant &amp; produced abundantly from the first year. Breeder Vance Hooper PVR protected. 4m</p>	90/120	59.99
<p><b>Magnolia Cleopatra</b> Classic hybrid from England with rich pink cup and saucer blooms. Seems to be a clone of Charles Rafill. Takes some years to reach blooming age. Rounded tree to 6m.</p>	90/120	59.99
<p><b>Magnolia David Clulow</b> Goblet shaped white scented blooms. Upright tree. 4m. Reported to be one of the best white magnolias. Upright tree 4m.</p>	1m	49.99
<p><b>Magnolia Denudata - The Lily Tree</b> This rounded tree is covered with fragrant pure white cup-shaped flowers in early spring. 5x4m.</p>	1m	49.99
<p><b>Magnolia Felix Jury</b> Enormous, superb flowers open red and turn rosy pink. A spectacular sight in early spring when the compact tree will be covered in hundreds of blooms. The flowers have the added bonus of being highly fragrant. 5x3m.</p>	1.2m	69.99
<p><b>Magnolia Heaven Scent</b> Upright grower with upright pastel lavender-pink blooms, toned more softly towards the tips with white interiors. Unique colour, strongly fragrant. 4x2.5m.</p>	1m	49.99
<p><b>Magnolia Honey Tulip</b> Another drop dead gorgeous hybrid from the Jury breeding programme. Large rounded goblet shaped blooms in a soft shade of honey yellow. The petals are of good substance and the flowers appear early spring on bare branches. Plant in a sheltered position in acid soil for best results. 6x4m.</p>	15L	69.99
<p><b>Magnolia Ian's Cracker</b> A medium growing upright bushy small tree with beautiful large, rich claret coloured blooms of 20cm across that holds the colour well. 5m high.</p>		49.99
<p><b>Magnolia Ian's Red</b> A medium growing upright bushy small tree with beautiful large, 12 petalled, rich claret coloured blooms of 20 centimetres across and hold their colour well. Mature height estimated at 5 metres.</p>		49.99
<p><b>Magnolia Iolanthe</b> From early spring very large bowl shaped rose-pink blooms appear with a creamy white interior. A magnificent variety. 4x5m.</p>	1m	49.99
<p><b>Magnolia Koban Dori</b> Beautiful yellow blooms, flowering with foliage dwarfier than other yellow varieties. 4x2.5m.</p>	90/120	49.99

	<b>Grade</b>	<b>Price</b>
<b>Magnolia liliiflora Nigra</b> Slender pansy-black curved buds opening to dark maroon-purple, lighter purplish-pink interiors. Flowers in spring. 2x1.5m.	.75m	49.99
<b>Magnolia Margaret Helen</b> Lovely clear bowl shaped blooms with pointed petals of a clear rose pink-red freely produced from a young age. Multi branched upright form. 5m.	.75m	49.99
<b>Magnolia Old Port</b> Blooms are a very dark wine-purple with the inner surfaces off white. Cup shaped 12cm blooms have a light fruity fragrance. Multi-branched. 3-4m.	70/90	49.99
<b>Magnolia Pink Sensation</b> Upright habit of growth with deepish pink, upright flowers.		49.99
<b>Magnolia Red As</b> A smaller growing specimen that flowers heavily at a young age. Glorious goblet-shaped darkish purpley-redflowers. 2-3m.	.75m	49.99
<b>Magnolia Ruby</b> A hybrid of soulangeana parentage with a compact upright habit, flowering from an early age. Impressive goblet shaped delicately fragrant rich ruby-red flowers with a fine white edge to the petals and white interior. 5x4m.	.75m	49.99
<b>Magnolia Shirleys Perfume</b> This is a very recent hybrid from Ian Baldick and acknowledges his wife Shirley's support over the years. The growth habit is quite upright to slightly spreading tree with delicate pink perfumed flowers that reflect the M. sprengeri diva and M. cylindrical parentage.		49.99
<b>Magnolia Stellar Gem</b> Sculpted rich pink-purple blooms with white interior. Easy and reliable grower with healthy foliage. 3.5x1.5m.	1yr 2yr	59.99 74.99
<b>Magnolia Stellata Jane Platt</b> The very best of the pink flowering stellata varieties. Green foliage and gorgeous rich, deep pink flowers in spring. 3m.	50/70	49.99
<b>Magnolia Stellata Rosea</b> Pink buds and pink flushed fragrant flowers which gradually fade to pearly white. Early flowering. Vigorous. 3x2.5m.	.5m	49.99
<b>Magnolia Sweet Merlot</b> Globe shaped medium sized claret red flowers freely produced on a shrubby bush. Very neat and tidy habit. Flowers last well when cut. 6m	1m	49.99
<b>Magnolia Sweetheart</b> Deep coloured mid-pink blooms, rich sweet fragrance and early blooming. Upright growth. A seedling of 'Caerhays Belle'. A very desirable popular plant. 4x3m	1m	49.99
<b>Magnolia Ula</b> Large rose pink bowl shaped blooms. Late flowering. Hardy tree. 5-6m.	70/90	49.99

	<b>Grade</b>	<b>Price</b>
<p><b>Magnolia Vulcan</b> The best of the best! Arguable the most stunning Magnolia bred to date. Opulent, deep magenta blooms up to 25cm across. A good sized compact tree, suitable for smaller gardens. May take two or three years for the flowers to develop true size and colour. 4x3m.</p>	1m	69.99
<b>MALUS - CRAB &amp; ORNAMENTAL FLOWERING APPLES</b>		
<p><b>Malus Ballerina</b> An outstanding flowering Apple. In September bunches of red buds open to large frilly double pink blossoms. Prune after flowering. Very free flowering. 4x2m.</p>	1m	44.99
<p><b>Malus Ballerina Maypole</b> Masses of beautiful carmine red spring flowers are followed by large purple red crab apples. The tall narrow columnar habit lends this special tree to many uses. Imagine a row marching along a driveway. You could even grow it in a container. The apples make delicious jelly. 3m</p>	60cm	59.99
<p><b>Malus Ballerina Samba</b> A truly stunning spring display with vibrant carmine blossom and bronzy red new growth. In summer the tree produces masses of very decorative, deep red crabapples which make great jelly. 4x0.3m</p>	60cm	59.99
<p><b>Malus Barbara Ann - 1.5m Standard</b> Large double red flower, purplish red fruit with bronze red - to bronze green foliage. Rounded tree habit. 4m.</p>	1.5m std	49.99
